Allowable Subject Matter

1. Claims 1-20 are allowed.

2. The following is an examiner's statement of reasons for allowance:

As to claims 1-11, Applicants' Remarks were persuasive in showing the prior art of record taken alone or in combination fails to teach: using a different chamber to form an insulating layer that includes silicon, carbon, and hydrogen above a first insulating layer that includes silicon, carbon, nitrogen, and hydrogen, after discharging a rare gas in the second chamber, along with the rest of the limitations of the claims;

As to claims 12-16, the prior art of record taken alone or in combination fails to teach: forming a second insulating layer that includes silicon, carbon, and hydrogen above a first insulating layer that includes silicon, carbon, nitrogen, and hydrogen, after irradiating energy ray on the first insulating film, along with the rest of the limitations of the claims; and

As to claims 17-20, the prior art of record taken alone or in combination fails to teach: forming a second insulating layer that includes silicon, carbon, and hydrogen above a first insulating layer that includes silicon, carbon, nitrogen, and hydrogen, after the heating the first insulating film, along with the rest of the limitations of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
